

Foundation of Earth

1) Introductory

Only the Creator is in a position to know with certainty the true history and age of the universe. In the Book of Genesis one day is not one solar day but equal to an era.

Before the mountains were born or you gave birth to the earth and the world, even from everlasting to everlasting, you are God. (Psalm 90:2)

I am Alpha and Omega. (Revelation 1:8, 21:6, and 22:13)

2) God is in control

And God said, "Let there be light," and there was light. (Genesis 1:3)

Einstein's equation- $E = mc^2$ - shows energy can be converted into mass.

So God said and matter was formed.

An atomic bomb converts a tiny amount of mass into a massive amount of energy.

The scientists from earth were controlling the system of Apollo11 (July 20, 1969). When the crew landed on the surface of moon, at that moment Neil Armstrong's Heart Rate Spiked. And from earth they advised to stay inside the module to wait for normal heart beats, so they controlled from far away!

The conversion of sound energy into a material form of text (known as 'speech-to-text or dictation') is done under some computational process. Here sound energy changes into some type of material form!

God is much higher than we human beings. So God is in control of this Universe.

3) About Formation

For this is what the LORD says — the Creator of the heavens, the God who formed the earth and made it, the one who established it (he did not create it to be a wasteland, but formed it to be inhabited) — he says, "I am the LORD, and there is no other. (Isaiah 45:18)

By faith we understand that the universe was formed at God's command, so that what is seen was not made out of what was visible; And without faith it is impossible to please God. (Hebrews 11:3, 6)

The Earth was not deliberately "made like making a ball," but rather formed naturally through a process of gradual accumulation of cosmic material driven by gravity. The resulting shape is a near-sphere due to gravity. It was created out of cluster of stuff which is in coordination with Science. So some parts of this planet of earth may be millions of years old.

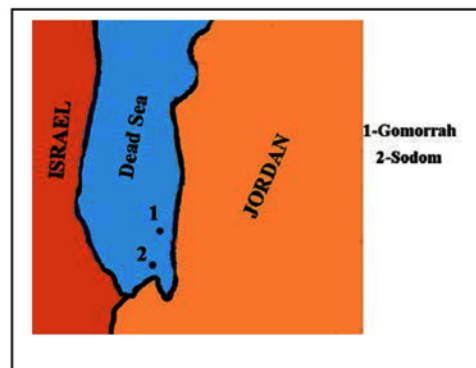

4) About Shape

⁵*He set the earth on its foundations;* ⁶*You covered it with the watery depths, the waters stood above the mountains;* ⁷*But at your rebuke the waters fled;* ⁸*they flowed over the mountains, they went down into the valleys;* ⁹*You set a boundary they cannot cross.* (Psalm 104:5-9)

When he assigned to the sea its limit, so that the waters might not transgress his command, when he marked out the foundations of the earth. (Proverbs 8:29)

But we see some changes due to certain humans' deeds!

Sodom and Gomorra- presently in water

Study shows that land levels could rise by up to 10cm in some areas of Scotland over the next century the net result is that growing concern for Scotland's coastal areas, but in parts of England, where the land is set to sink by up to 5cm over the next century, would result some parts will be under water.

5) About days

Bible supported “days” that were long periods of time and were totally consistent with the findings of modern science. They were not six, consecutive twenty-four hour days of revolving Earth.

i) a day = 1000 years

A thousand years in your sight are like a day that has just gone by, or like a watch in the night. (Psalm 90:4); *With the Lord a day is like a thousand years, and a thousand years are like a day.* (2 Peter 3:8)

ii) a day = a year

Forty days I assign you, a day for each year (Ezekiel 4:6) *A year for each day* (Numbers 14:34)

iv) a day = a time span

God called the light “day,” and the darkness he called “night.” And there was evening, and there was morning—the first day. (Genesis 1:5)

[Certainly not one day of earth’s rotation as earth was made on 4th day]

v) (Hired worker/ Laborer’s) working day = 2 hours (from 6 am to 6 pm)
(Matthew 20:3; Isaiah 16:14)

vi) from Einstein’s ‘Time Dilation’ theory:

One day may be equal to a million years or a billion years.

Einstein's time dilation equation:

$$t' = t\sqrt{1 - v^2/c^2}$$

where t' = dilated time
 t = stationary time
 v = velocity
 c = speed of light

From the above equation, in certain frame of reference, if a body is moving with relativistic speed, we can get: **1 second = 1000 years**
or we may have 1 day = 1 million years or so

God’s time:

God’s times are different from our earthly clock.

He said to them, “It is not for you to know times or seasons that the Father has fixed by his own authority” (Acts 1:7); *I choose the appointed time* (Psalms 75:2); *Behold, God is exalted, and we do not know Him; the number of His years is unsearchable.* (Job 36:26)

6) Further about time

[look my YouTube video on ‘Time Realm in Physics’]

Check video from ‘Sermons Ross Nazirullah’ → see ‘Play List’ → select ‘Bilingual’ → see ‘Time Realm in Physics’

For by him were all things created, that are in heaven, and that are in earth, visible and invisible, whether they be thrones, or dominions, or principalities, or powers: all things were created by him, and for him. (Colossians 1:16)

One Lord Jesus Christ, through whom are all things and through whom we exist.

(1 Corinthians 8:6)

Open my eyes that I may see wonderful things in your law. (Psalm 119:18)

Prayer:

Lord Jesus I accept you as my Lord and Saviour so that I will be able to see your wonders.

AMEN

Ross Nazirullah
